EDUCATION

M.Sc. ICT . Mazandaran University of Science and Technology.

2015 – 2017

B.Sc. ICT . Payam – e – Noor University of Gorgan.

2009 - 2013

WORK SAMPLES

1. Design and develop www.deevise.com and www.copend.nl websites.
2. Design and develop graphical pharmacy management software for the desktop using Java FX , poi-ooxml library and using Hibernate ORM that connected to the PostgreSQL database and has such features like add, edit, delete, display, search, and save items in Excel Workbook.
3. Design and develop a web-based pharmacy management software using Hibernate ORM , Servlet , JSP pages and Apache Tomcat web server that is connected to the MySQL database and has the ability to add, edit, delete, and display the user's desired items.

SCIENTIFIC ACTIVITIES

- Researched About Big Data.
- Researched About ERP systems.
- Researched About Various types of errors in the life cycle of software development.
- Researched About Knowledge Management Strategies.
- Researched About Improving software applications quality by considering the contribution relationship among quality attributes.
- Load Balancing in Cloud Computing for Servers using Scheduling method in Distributed Systems.

SCIENTIFIC ARTICLES

- A review of a variety of software testing and maintenance methods - National Conference on Modern Research in Electrical, Computer and Medical Engineering.
- Review the types of software development cost estimation methods - The 5th International Conference on Engineering, Science and Technology.
- Use of e-learning to increase the satisfaction and acceptance of the organization's resource planning system.

INTERESTS

- Team Works.
- learning new technologies and concepts and passing the training course as needed.
- Learning new languages like English because Knowing English increases your chances of getting a good job in a multinational company within your home country or for finding work abroad. It's also the language of international communication, the media and the internet, so learning English is important for socialising and entertainment as well as work!
